

## “One Health Festa 2023 in Chikugo” was held

On October 15, 2023, “One Health Festa 2023 in Chikugo” was held at the Kyushu Geibunkan in Chikugo City, Fukuoka Prefecture.

This event is held annually by the Fukuoka Prefectural Government to provide a fun way to learn and experience One Health.

President Kurauchi, who attended the opening ceremony as a guest of honor, said, “One Health means that we must fulfill our responsibility now to leave a sustainable earth for the children of the next generation. Let us all leave a clean planet for our children in the future.” He called on the audience to join him.

The event was packed with many families and included a talk show on One Health, a workshop by high school students, a dog and cat adoption event, and a "petting zoo" where visitors could interact with goats, rabbits, and other animals.
