

President Kurauchi Reported to the Governor of Fukuoka Prefecture and the Chairperson of the Fukuoka Prefectural Assembly on his Election as Next President of the World Veterinary Association

On Friday, March 15, 2024, President Isao Kurauchi reported to Fukuoka Prefecture Governor Seitaro Hattori and Fukuoka Prefecture Assembly Chairperson Katsuji Kohara on his election as the next President of the World Veterinary Association.

【President Isao Kurauchi】

I am pleased to announce that I have been elected to the next President of the World Veterinary Association. I would like to take this opportunity to express my sincere gratitude for the warm support of the people of Fukuoka, my hometown.

Now, we humans are destroying the environment of the earth. In order to protect the health of this planet, there are rules that we must follow as human beings. The idea of One Health is to firmly follow those rules.

We must prevent deforestation, global warming, and these kinds of things.

However, at the root of this problem is the economic disparity between developed and developing countries. Poverty must be fundamentally eliminated through worldwide cooperation. This is the starting point of One Health.

The FAVA One Health Fukuoka Office (FOF), which was established in Fukuoka, will work with the World Veterinary Association (WVA) to firmly spread the concept of One Health throughout the world.

Chairperson of the Fukuoka Prefectural Assembly
Katsuji Kohara

Governor of Fukuoka Prefecture
Seitaro Hattori
